## PROFESSIONAL PROFILE

Software development student at Mohawk College with an administrative background and an interest in creating practical, intuitive digital tools. Developing hands-on skills in Java, C#, JavaScript, web and mobile applications, databases and systems analysis. Brings an organized, detail-oriented approach to problem-solving, documentation and collaboration.

## EDUCATION

**Mohawk College** — Software Development Studies **Current**

Coursework in data structures and algorithms, Java and object-oriented programming, C#/.NET, SQL databases, web development, UI/UX, and systems analysis and design.

## TECHNICAL SKILLS

| | |
|---|---|
| **Languages** | Java, C#, JavaScript, PHP, SQL, HTML5, CSS3 |
| **Frameworks & UI** | React Native, Expo, Bootstrap, WordPress, .NET WinForms, HTML Canvas |
| **Data & Concepts** | MySQL, SQLite, Google Maps API, data structures, algorithms, testing |
| **Developer Tools** | Git, GitHub, VS Code, Visual Studio, IntelliJ IDEA, Linux/Bash |

## SELECTED ACADEMIC PROJECTS

**Orbit Defender** — Browser Game **JavaScript · Canvas**

Built an arcade shooter with automatic firing, enemy waves, boss battles, power-ups, collision detection and high scores.

**Hamilton Highlights** — Tourist Map **JavaScript · Google Maps API**

Created a location-aware tourism map with destination filters, custom markers, geocoding and driving directions.

**Pawffee Break** — WordPress Site **WordPress · PHP · MySQL**

Developed a pet-café website concept with adoption content, visitor information, galleries and child-theme configuration.

**FIFA Stadium Explorer** — Mobile App **React Native · Expo**

Worked on a stadium discovery application with maps, search, location features and locally saved selections.

**Doctor Who Database Application** **C# · WinForms · SQL**

Created desktop coursework components for browsing related Doctor, Episode and Companion records.

## TRANSFERABLE STRENGTHS

Communication and documentation · Administrative organization · Analytical thinking · Team collaboration · Attention to detail · Continuous learning

Additional work history, credentials and references are available upon request.
